I. Overview and VCU Graduate Bulletin

The Virginia Commonwealth University School of Business offers master's degree training in numerous specialized degree programs. Curriculum requirements of each program are separate and distinct. The policies and procedures that govern graduate study in the School of Business are the same, regardless of master’s program. The Master's Program Handbook is designed to meet the needs of students in the following degree programs:

- Master of Accountancy
- Master of Arts in Economics
- Master of Business Administration*
- Master of Science in Business with concentrations in:
  - Decision Sciences and Business Analytics
  - Finance
  - Global Marketing Management
  - Real Estate and Land Development
- Master of Science in Computer Information Systems Security
- Master of Science in Information Systems*

*Students in the Fast Track Executive MBA and Fast Track Executive Management Information Systems Programs should refer to information provided by the Director of the respective program.

VCU Graduate Bulletin

As noted under "General academic regulations for graduate students" in the VCU Graduate Bulletin (http://www.pubapps.vcu.edu/BULLETINS/graduate/?uid=10045&iid=30061): "It is the responsibility of all graduate students, both on- and off-campus, to be familiar with the Graduate Bulletin (catalog) as well as the academic regulations in individual school and department publications and on program websites; however, in all cases, the official policies and procedures of the University Graduate Council, as published on this Graduate Bulletin website and on the Graduate School website, take precedence over individual program policies and guidelines."

The VCU Graduate Bulletin can be found on-line at http://www.pubapps.vcu.edu/bulletins/graduate/ or http://www.business.vcu.edu/graduate/current.html under Program Documents
II. Mandatory Orientation

Students are required to attend one of the orientation programs offered prior to the start of their first semester in the degree program. Orientation programs are scheduled through the School of Business, Graduate Studies office prior to the start of each semester. New students will have the opportunity to meet with an academic advisor and register for their first semester of courses during orientation. Refer to the invitation to participate in orientation that was included in your admission letter from Business Graduate Studies for more details.

The VCU Graduate School also holds an orientation each fall on the Friday before the first day of class. This orientation is not mandatory for School of Business graduate students but does provide useful University information especially for those attending full time.

International students are also required to attend the orientation for International Students sponsored by the Center for International Programs. International students should contact the Center for International Programs at (804) 828-6016 to obtain detailed information regarding this program.

In addition, students must have an Approved Program Form which outlines the curriculum signed by the end of the first semester of study. See section IV, B, for more details.

III. Registration

A. VCU e-Services

Students are able to access their University records from VCU e-Services, a secure University internet site. Students can access eServices through the myVCU portal located at www.vcu.edu. Students can register for courses, access up-to-date student accounting, financial aid, and VCU transcript information, as well as update their personal contact data.

B. Advising Requirements

Each student is required to meet with their advisor prior to the start of their first semester. Each student is responsible for completing an Approved Program Form with their advisor prior to the end of their first semester. The student and faculty advisor must sign the Approved Program Form. Additional forms can be obtained by emailing gsib@vcu.edu.

C. Definitions of Add/Drop and Withdrawal

Students are encouraged to understand the differences in the use of three specific terms used in conjunction with the course registration process:

- **Add/Drop** is the period of time each fall, spring and summer semester in which the University provides students a grace period in which to change their semester registrations. For fall and spring semesters the add/drop period usually ends on
the last day of the first full week of courses. In the summer, add/drop periods are designated for each course offering and usually provide only a one day grace period from the first official start date of each class. Students are responsible for checking the posted University Calendar for each semester to determine the specific dates that apply. **Add** refers to a student’s adding a course section to his/her course registration for a given semester. **Drop** defines the action taken when a student eliminates a course from his/her course registration in a given semester. During the add/drop period of time a student may change his/her schedule as many times as necessary in order to obtain his/her ideal schedule. Changes made during the add/drop period that require a change in tuition and fee charges for the semester will be documented via new student bill reflecting the appropriate increase or decrease in the current student account.

- **Withdrawal Deadline** is the final date of each fall, spring and summer semester by which a student must withdraw from his/her class(es) in order to receive a mark of “W.” Students can use e-Services to obtain the “W” at any time during the semester until the published withdrawal deadline. The student must complete any course remaining on a student’s transcript after the withdrawal deadline. Professors are required to submit a final grade for each student remaining in a course beyond the posted withdrawal deadline. Students are responsible for checking the posted University Calendar in order to determine the specific deadline for withdrawal for the given semester.

D. **Pre-Registration Period**

Continuing VCU students are highly encouraged to advance register for future course offerings using the eServices web site. Pre-registration for spring semester usually begins at or around mid-term of each fall semester. Pre-registration for summer and fall semesters usually begins at or around the end of spring break each spring semester. Please check the current VCU Calendar for each semester’s dates. Students needing assistance with course selection are urged to meet with their program advisor immediately prior to or around the time of advanced registration.

E. **Blackboard**

Many graduate business courses will require students to access Blackboard, an online course management program. In order to access the Blackboard system, each student must obtain a valid VCU identification card and a current VCU e-mail address. Please refer to the Blackboard web site for more detailed information regarding this system: [www.blackboard.vcu.edu](http://www.blackboard.vcu.edu)

IV. **General Program Regulations**

A. **Courses and Credits**

1. Prerequisite and foundation-level business course work may be required of students after they have been admitted to a degree program and before beginning
advanced courses. Waivers of foundation and prerequisite requirements are made at the time of admission and are based on a number of factors to ensure student success in program core courses. Students who desire to appeal the waiver decisions may do so by submitting a written request to the Senior Director of Masters Programs in Business. Students appealing a waiver decision should include copies of previous course description(s) and/or class syllabi as documentation they have completed the required course work. An option to test out of a course may be offered to a student at the discretion of the program adviser and/or Senior Director of Masters Programs in Business.

2. Students may complete their chosen master's degree on either a part-time or full-time basis. Please note that some master's programs do not offer core courses every semester, and it may not be possible to complete the entire degree on a full-time basis.

3. Students must complete at least one three-credit class each 12 month period in order to maintain active status in a School of Business master's program.

4. Students must complete, at minimum, the course requirements for the degree program (36 hours for MBA and 30 hours for all other programs). Unless otherwise stated the same course(s) cannot be used to satisfy more than one degree program requirement.

B. Program Completion Time Limits

1. The time limit for completing all course work is six years. Each student's time limit begins with the first semester in which he/she enrolls for course work after being admitted to the program.

2. Students must apply for an extension of the six-year limit no later than the last day of withdrawal from classes in the semester in which the six-year limit ends. Students should submit written requests for extension of the six-year limit to the Associate Dean of Masters Programs in Business. A maximum of two 1-year extensions is allowed.

C. Assignment to Degree Program

1. Students are admitted to a master’s program based on their intended degree, as described in the admission section of this manual.

2. Students are assigned to an academic advisor in their major area of study at the time of admission. Students meet with their assigned advisors for initial planning of their program of study and to explore the student’s area of interest.

3. A student who desires to transfer from one program to another must submit a new application and fee and inform Business Graduate Studies. If the request is to change concentrations within the Master of Business Administration or Master of
Science in Business programs, the request may be processed through the Business Graduate Studies Office.

4. A change of major may necessitate the student taking additional course work. The original six-year limit on completing the graduate program will remain intact following a change of program.

D. Program Planning

1. Each student is responsible for meeting with his/her advisor to complete an Approved Program Form (program specific Approved Program Forms are available on the Business Graduate Studies web pages) prior to the time the student applies for graduation. The student and faculty advisor must sign the Approved Program Form before submitting it to the Senior Director of Masters Programs in Business.

2. Email Distribution List:
   Business Graduate Studies maintains an email list for all master’s level students in the School of Business for announcements. Email to the VCU email account is the primary method of communication between Business Graduate Studies staff and students regarding changes in course schedules, position announcements, changes in curriculum, and notices for School of Business events. Students’ VCU email address will be automatically added to the distribution list upon entry to the program. Students must check their VCU account in order to be kept up-to-date on School and program announcements.

3. If revision of the Approved Program Form is required, a revised copy of the originally approved form must be submitted to the Senior Director of Masters Programs in Business. The revised copy should include the course changes, initialed and dated by the faculty advisor and student. Once submitted, the Senior Director of Masters Programs in Business will review the changes and provide final approval.

E. Transfer Credits

The University policy concerning credits is found in the current edition of the University Graduate and Professional Bulletin. Transfer credits refer to graduate courses taken prior to admission to the master’s program that may have been taken at VCU or another AACSB-accredited institution. (See the Readmission Policy subsection of this Handbook for policies related to using previously earned course credits upon readmission.) The rules for transferring credit to a master’s degree program follow:

1. Credits earned toward another degree cannot be applied to this degree program.

2. University policy allows for a maximum of 30 percent of the didactic hours required for a graduate degree or any graduate certificate program to be transferred from another VCU program or outside institution and, if not applied previously toward
another degree, may be applied toward a degree. Prerequisite course work that
does not count toward the VCU degree may not be transferred.

Due to strict standards of AACSB accreditation, student access to graduate
business courses prior to admission to a graduate degree program is limited and
monitored. Students must seek special permission from the Business Graduate
Studies office to enroll in graduate business courses prior to admission. Similarly,
students who have taken graduate business courses at VCU prior to admission
must seek permission from the Senior Director of Masters Programs in Business
to accept them as transfer credit.

3. School of Business policy restricts transfer courses to those completed at an
AACSB-accredited institution and must be applicable to the program of study.
Students must submit official university transcripts and course descriptions of the
work presented for transfer. The Senior Director of Masters Programs in Business
will determine whether the courses can be accepted as transfer courses.

4. In cases of relocation or other extreme circumstances a student may request an
additional nine credit hours to be transferred into the program. Requests must be
made in writing to the Senior Director of Masters Programs in Business and
include detailed explanation of transfer request.

5. In all cases, the student must have earned a grade of “B” or better in graduate
courses presented for transfer. A student will not be permitted to transfer a course
in which a grade lower than “B” or its equivalent in U.S. standards was received.

F. Leave of Absence

According to University policy, an admitted student may apply for leave of absence anytime
after having been enrolled for program course work. The request must be submitted in writing
to the Senior Director of Masters Programs in Business and must include reason as well as
length of requested time. A leave of absence can be for no more than a 12-month period, and
students may request leave for a shorter period of time. If the request is granted and the
student does take the approved leave, he/she must still complete all program requirements
within the original six-year time frame.

V. Program Administration

A. Associate Dean of Masters Programs in Business

The Associate Dean of Masters Programs in Business reports directly to the Senior Associate
Dean of the School of Business and is responsible for the day-to-day administration of graduate
programs in the School of Business. The Associate Dean is the primary contact for matters
relating to curricula, grade appeals, and dismissal appeals.
B. Senior Director of Masters Programs in Business

The Senior Director of Masters Programs in Business works directly with matriculated students in all graduate certificate and masters level programs. The Senior Director is responsible for sending out all relevant announcements to the students and assisting in program registration. The Senior Director is the primary contact in matters related to the administration of the program, including but not limited to correspondence, record keeping, articulation of the programs to prospective and current students, tracking graduate Master’s assistantships, and other duties as assigned.

C. School of Business Masters Program Committee

The School of Business Masters Program Committee is a standing committee of the School of Business Faculty Council. This committee is made up of one faculty representative from each of the seven academic departments within the School of Business and two appointed graduate student members. The Associate Dean of Masters Programs, Senior Director of Masters Programs, and two graduate students serve as non-voting, ex-officio members. The Master’s Program Committee is responsible for approving all changes to master’s programs as well as hearing appeals related to student status in School of Business master’s degree programs.

VI. Curriculum

The curriculum of master’s programs in the School of Business can be divided into three components. Each area is described below and will be addressed between student and advisor as they meet to complete the Approved Program Form. Students are encouraged to visit the School of Business, Graduate Studies web site (www.business.vcu.edu/graduate) for the most up-to-date curriculum requirements of all master’s degree programs offered in the School of Business.

A. Foundation/Prerequisite Component

Each master’s degree program in the School of Business has identified prerequisite/foundation requirements specific to the degree. School of Business, Graduate Studies staff members and/or faculty advisors will determine whether a student has satisfied the foundation/prerequisite component of his/her intended major at the time of admission. Students who enter a master’s program without having first completed the required foundations/prerequisites will be expected to meet the foundation requirements for their intended degree program before completing required degree courses.

Foundation/Prerequisite courses may be met by previous college course work or by taking the courses listed below at the time of entry to the program. Students must have achieved the appropriate grades in these courses (varies by program) to be eligible for waiver:

<table>
<thead>
<tr>
<th>Business Foundation Courses</th>
<th>Equivalent VCU Undergraduate Courses</th>
<th>Equivalent at Other Universities</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT 507</td>
<td>ACCT 203-204 or ACCT 205 (and ACCT Principles of Accounting I &amp; II),</td>
<td></td>
</tr>
</tbody>
</table>
### Required Core Component

The required core component of a master’s degree program is the list of classes that all students in the degree program must complete. The list of classes may require that all students take all courses on the list, or the list may provide students options from which to choose when satisfying the number of credit hours required in the core component.

### Elective Course Component

Each degree program requires a different number of credit hours of elective courses. Depending upon the degree program, electives will be either free or restricted. All electives must be 600-level courses taken in the School of Business or taken outside the School of Business with previous permission of the student’s faculty advisor and the Senior Director of Masters Programs in Business. Certain 500 level courses may also be allowed with permission of the Senior Director of Masters Programs in Business. Free electives refer to courses that a student selects of his/her own choosing. Restricted electives refer to the courses provided in a list of courses from which a student may choose when satisfying elective requirements for his/her degree program.

### Option to Complete Research Course

Students in master’s degree programs of the School of Business may request permission to take one research course toward completion of their elective or other degree requirements. Research courses are titled “guided study” and have a course specific to each department (e.g. MGMT 697). In order to earn credit in a research course, a student must submit a signed Request for Research Course Form, found on the School of Business, Graduate Studies web site at [http://www.business.vcu.edu/graduate/current.html](http://www.business.vcu.edu/graduate/current.html), a completed approved program form, and a description of the research study/project that will be completed. Students must identify a faculty member willing to supervise their independent research work and obtain signatures from their supervising faculty member, academic advisor, and department chairperson before submitting the formal request to the Senior Director of Masters Programs in Business. Upon approval of the request, Business Graduate Studies staff members will register the student for the approved research course.

### Student Assessment

<td>ECON 210-211</td>
<td>Micro &amp; Macro Economics</td>
</tr>
</tbody>
</table>
For the same reason that great care is taken during the admission process, the School of Business Graduate Studies office continues to monitor the progress of students in all School of Business master's degree programs.

A. VCU Honor System

"Virginia Commonwealth University recognizes that honesty, truth, and integrity are values central to its mission as an institution of higher education." (VCU Honor System). Violations include cheating, plagiarism, facilitating academic dishonesty, abuse of academic materials, stealing academic materials, and lying related to academic matters.

Penalties upon violation range from honor probation to expulsion from the University.

The existence and enforcement of Honor System rules are important at all levels of degree and certificate programs. The Honor System rules and procedures are found in each current edition of the VCU INSIDER (a publication of the Division of Student Affairs & Enrollment Services) and on the Internet at http://www.students.vcu.edu/docs/0910_vcu_insider.pdf. Familiarization with the rules is of decisive importance because ignorance of them will not prevent a finding of violation and imposition of penalty. The instructor for each class determines what will and what will not constitute a violation of the VCU Honor System rules, although students are responsible for understanding what types of conduct are deemed unacceptable and, therefore, prohibited.

B. Grades

Students will earn a grade for each course they attempt throughout the master program. All foundation, required and elective courses are graded with a letter grade. Students in the graduate programs are expected to maintain a 3.0 cumulative grade point average throughout their program. Please use the following grade table to determine the weight of grades in master degree programs:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Grade Point/Credit Hour</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
</tr>
<tr>
<td>D</td>
<td>1.0</td>
</tr>
<tr>
<td>F</td>
<td>0.0</td>
</tr>
</tbody>
</table>

Students who are graduate assistants can be dropped from the assistantship award with any grade less than "B."

C. Maintaining Satisfactory Academic Progress

Students are expected to satisfy the degree requirements at a pace that will enable them to meet the six-year time limit. Graduate students must maintain a cumulative grade point average of at least 3.0 in order to maintain satisfactory academic progress and active status in the graduate program. Failure to meet either of these conditions constitutes unsatisfactory progress. The School of Business Graduate Studies office reviews all students' progress at the completion of
each fall, spring and summer session. Students whose cumulative grade point average is below 3.0 must show progress towards raising the GPA in the following semester. Students earning any grade less than "C" or who have received three grades (or 20% of attempted coursework, whichever is greater) of "C" are generally recommended to the Graduate School Dean for dismissal from the program.

D. Student Appeals

The right of students to due process is upheld in the School of Business through the Master’s Program Committee. Students who need to appeal for exception to University and/or school regulations regarding graduate business programs may do so by submitting a written request to the School of Business Masters Program Committee through the Associate Dean of Masters Programs in Business.

Students who desire to appeal a grade must do so by following the VCU Grade Review Procedure. Appeals related to the VCU Honor System or VCU Rules and Procedures must follow the steps outlined in those policy statements as outlined in the current VCU Student Handbook and Resource Guide.

VIII. Readmission Policy

After a student leaves the program, whether voluntarily or because of failure to meet one or more of the program requirements, he or she may seek readmission. Readmission must be sought through the regular admission process, adhering to all deadline dates and admission criteria. In addition to admission material regularly requested, a candidate for readmission must provide a cover letter explaining the rationale for readmission, including a statement of the factors that have changed the applicant's situation and increased the expectation of success for the candidate.

Business Graduate Studies and the academic department (when appropriate) will review the entire readmission packet. At the time readmission is considered, the Associate Dean of Masters Programs in Business will determine whether courses previously taken will be used to satisfy current requirements of a master program. Courses in which a student received a grade of ‘C’ or below are not admissible. For course work that was taken more than eight years prior to the completion of the VCU degree, the graduate program director and school dean/designee will evaluate the course work for acceptability and report those courses deemed acceptable to the Dean of the Graduate School. If readmitted, the candidate will be expected to meet all program requirements as outlined in the bulletin for semester of reentry, including continuous enrollment, grades, program requirements, and the six-year time limit for completion of the program. Refer to the Transfer Credits subsection of this Handbook for transfer credit policies.

IX. Graduation and Degree Titles

A. Graduation
Students must submit an application for graduation to Business Graduate Studies at the start of the semester or summer in which they anticipate graduating. Business Graduate Studies staff members notify students of the deadline for applying for graduation each semester through the email distribution list. Students who do not follow the instructions for graduation application provided in the email message are expected to secure their application for graduation directly from Records and Registration by the deadlines set on the VCU Academic Calendar. Applications received after the announced deadlines will be processed for graduation, however, we can not guarantee that applicants' names and degrees will be noted in the official Commencement Bulletins for the given semester.

Virginia Commonwealth University officially graduates students in December, May and August of each year. Formal University commencement ceremonies are held in December and May of each academic year. Students who graduate in the summer are officially recognized in December commencement exercises although they may participate in the May ceremony. Graduates can attend one ceremony only (December or May).

B. Graduation Eligibility Checklist

A graduation checklist (above and beyond the general application requirements) may be found in the graduate Bulletin under “General academic regulations for graduate students”:
http://www.pubapps.vcu.edu/BULLETINS/graduate/?uid=10045&iid=30061

The checklist includes the following criteria:

- All provisional or probationary conditions of admission have been met.
- Candidates enrolled at time of application/reapplication to graduate (i.e., semester in which candidates plan to graduate).
- Overall graduate GPA is greater than or equal to 3.0. Graduate GPA is based on all graduate course work completed at VCU, regardless of program, attempted after acceptance into program.
- For repeated courses, both original grade and repeat grades included in calculation of graduate GPA. (Course should only be repeated with advisor approval.)
- No more than six credit hours or 20 percent of total credit hours attempted (whichever greater) at C or below level (C, D, F). Individual programs reserve the right to establish more stringent requirements regarding the acceptance of C grades. Specifically, students may not present courses receiving grades less than C for fulfilling degree requirements.
- No course work approved for transfer below grade of B; no course work approved for transfer included in calculation of GPA.
- Graduate course work only (500 level or higher) may be applied to a graduate degree with at least one half of required course work designated exclusively for graduate students (600 or higher).
- All Incompletes (I) converted to letter grade by last day of class of semester in which candidate plans to graduate.
- All grades of Continued (CO), Progress (PR) and No Grade (NG) converted to letter grades by last day of class of semester in which candidate plans to graduate.
• All course work taken within prescribed time limits (master’s, six years; Ph.D., eight years with any extensions approved by Graduate School).

• All requirements for theses/dissertations must be completed by the deadline published in the Academic Calendar of the semester in which the candidate plans to graduate, including:

  o Final defense of thesis/dissertation
  o ETD Approval Form with all approval signatures, including the graduate dean’s and, if applicable, documentation of IRB or IACUC approval number
  o Submission of the ETD to the VCU Digital Archives according to instructions on the VCU Graduate School Thesis and Dissertation webpage (Candidate should confirm with adviser/program director all internal schedules for submission of copy, defense and approval.)
  o Survey of Earned Doctorates [All doctoral students must complete the Survey of Earned Doctorates (SED). In order to complete the survey, go to: https://sed.norc.org/survey. Refer to the Thesis and Dissertation Manual on the VCU Graduate School Thesis and Dissertation webpage for further information.]
  o Publication with ProQuest (All doctoral dissertations must be published with ProQuest. Dissertations are submitted directly by the student through the UMI/ProQuest’s ETD Administrator site for VCU. Submitting to ProQuest does not satisfy the university’s requirement of submission. You must submit to the VCU Digital Archives separately in order to fulfill this requirement for graduation.)

• Students must settle all financial obligations with VCU’s Office of Student Accounting.

Revised 5/11/2010; 5/10/2011
University Graduate Council

C. Degree Titles

University transcripts fully describe the specific master degree program and concentration areas pursued by each student. A student’s diploma will identify the degree name and major area of study completed by the student. The following table provides the text that will print on each diploma according to the specific degree program.

<table>
<thead>
<tr>
<th>Degree Program</th>
<th>Diploma Text</th>
</tr>
</thead>
<tbody>
<tr>
<td>Master of Business Administration (with or without concentration)</td>
<td>Master of Business Administration</td>
</tr>
<tr>
<td>Master of Arts in Economics</td>
