Cloud, Saas and
Collaboration

2020 - 2022
The Pandemic
Accelerator

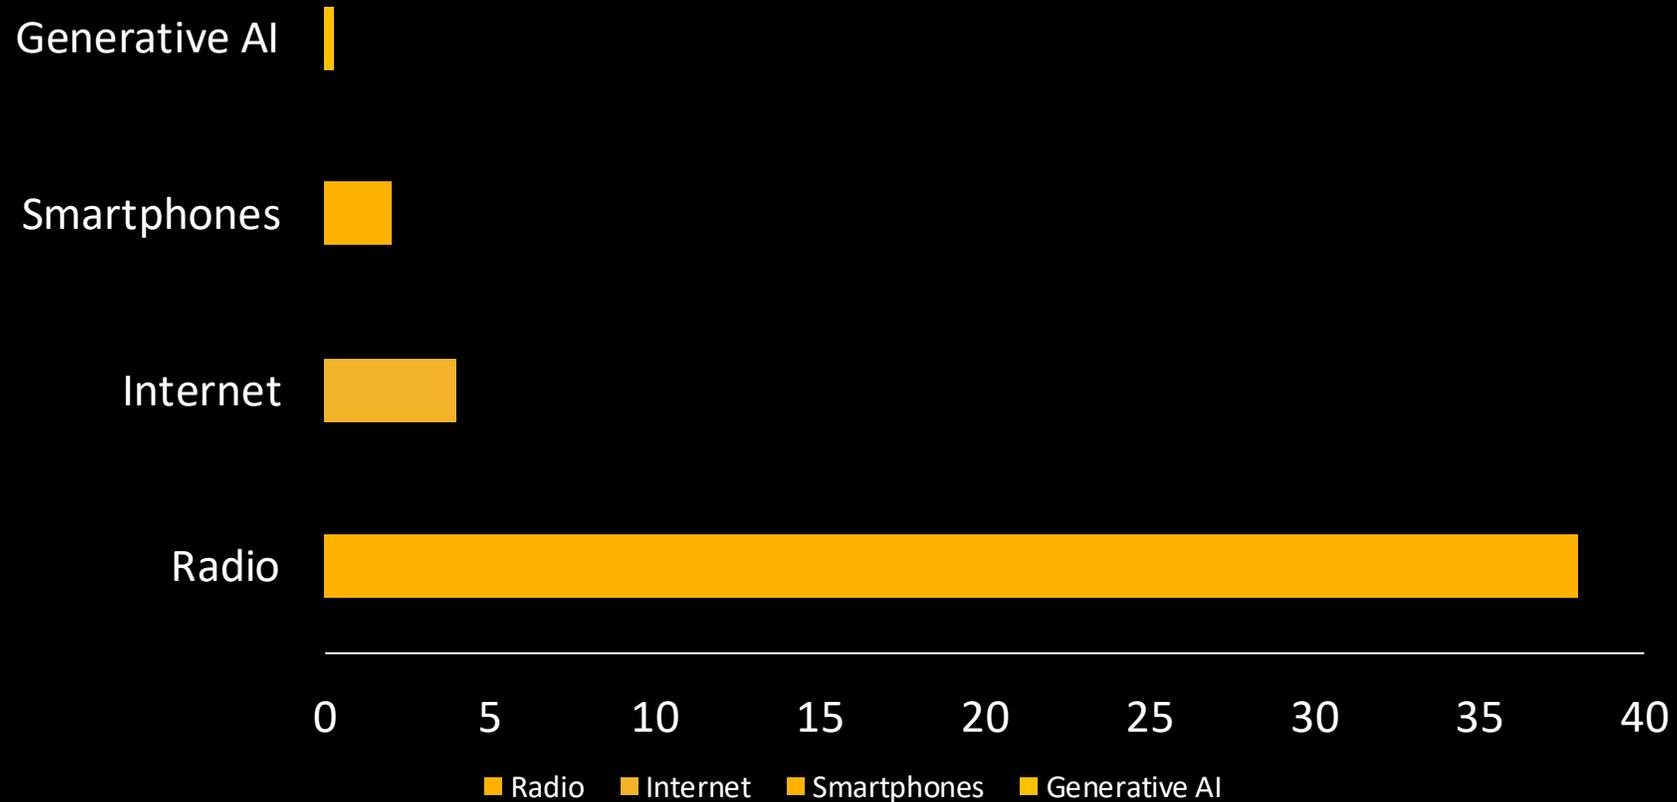

2023 - 2026
The AI Era

Consultant -> CIO -> Founder and CEO

Across every era, the new technology became the **infrastructure**.

The Pace of Technology Adoption Has **Accelerated**

The Intelligence Era is changing how work happens.

**Every.
Single.
Day.**

The future of technology and business
isn't about predicting the future.

It's about
staying **curious** enough
to **adapt** as it unfolds.
